Welcome to Idasnow. Here I'll put a short explanation of how the website works...

▼ Resort List	▼ New Snow	▼ Price	▼ Distance	▼ Closest Brewery?
Cell 1	Cell 2	Cell 3	Cell 4	<input type="checkbox"/>
Cell 5	Cell 6	Cell 7	Cell 8	<input checked="" type="checkbox"/>
Cell 9	Cell 10	Cell 11	Cell 12	<input type="radio"/>
Cell 13	Cell 14	Cell 15	Cell 16	<input type="radio"/>

More Snow?

Less money?

Maybe a cool background image or gif to not make it so bland.

I haven't figured out how I want to downvote something yet, but the layout and voting system will be pretty similar to reddits.

I'd like to allow the user to be able to post different type s of media (photos, videos, etc) along with text. Not sure how difficult that'd be.
